

### CBC-Clean Air Cabinet

Filtronic AB increases the product range with a clean air cabinet. At applications where a controlled, clean working area is required, Filtronic AB offers the CBC-clean air cabinet.

The clean air cabinet is used when mounting electronics, sensors, optics, displays and in laboratory work.

CBC-clean air cabinet has many advantages. It is classified to class 1000 according to FS 209-E, is ESD-safe, has a low sound level and is a mobile system that easily can be moved to other areas.

Filtronic AB is striving to create a better workbench environment by developing and producing particle and gas filter systems of very high quality.
